About me.

- Enthusiastic junior web developer with a passion for building responsive and user-friendly websites using HTML, CSS, JavaScript, and React. Eager to contribute technical skills gained from recent education and hands-on projects.

Projects

Chat App -MongoDB, Express js, React js, Node js

Personal Project

Link of my project/chatter-wave

- Real-Time Communication: Experience instant messaging with real-time updates using React.js and Socket.io for a seamless chat interface.
- Secure User Authentication: Enjoy safe and secure access with robust user authentication features powered by Node.js and Express.js, ensuring your data privacy.
- Responsive Design: Chat on the go with a mobile-friendly design built using React.js, ensuring a consistent user experience on any device.
